## Changes at the Vatican.

Gradually but surely Plus X is getting rid of the numerous employes of the Vatican who found favor under his predecessor. Cardinal Rampolla has practically disappeared from Rome, it is said, and is at present in a monastery, recuperating from the worries undergone since the time when Leo XIII was first taken ill. Count Pecci, the nephew of Pope Leo, has given up his place as commander of the Noble Guards and has been succeed. by Prince Rospigliosi.

Mgr. Marsolini, the factotum of the Vatipaince under Pope Leo, is returning to Perugia, and Mgrs. Angelt and Bisleti will soon follow suit, as Plus X has two brand new secretaries from Venice, one his former conclavist and the other Mgr. Pescini.
